INDUSTRIAL
Production

INDUSTRIAL Production

Use INDUSTRIAL PRODUCTION for your market communication.

Your advantages:

- a credible environment
- high reach
- high utility value for the target groups

With INDUSTRIAL Production as a neutral authority, the industry is always well informed.

INDUSTRIAL Production completely maps the process chain in production - from development to assembly, from humans to artificial intelligence. INDUSTRIAL Production provides its readers and users with precisely the content and news from industry, production and technology that they need for their daily work. Every month with the print and e-paper edition and around the clock on all digital channels of the media brand as well as numerous events.

“High target group affinity”

People who make investment decisions in industry every day are guided by INDUSTRIAL Production:

- **89% of the recipients are in a managerial position (owner/co-owner, management, plant manager, division or department manager)**
(recipient file evaluation publisher's information)

Your successful media brand for the industry at a glance...

- Total monthly circulation **65,105** copies
(Source IVW, Q2/2023)
- **340,369** page impressions monthly average
(Source: IVW-Online 8/2022 – 7/2023)
- Four newsletters per week to around **50,000** subscribers
(publisher's information 8/2023)
- Over **8,000** followers on the relevant social media channels
(publisher's information 8/2023)

“INDUSTRIAL Production, the media brand for your successful B2B communication!”

With INDUSTRIAL Production, you can reach the entire industry via the print magazine, e-paper, digital offering in the form of website, newsletter, Matchmaker+, social media, and events in a cross-media and networked manner.

“With INDUSTRIAL Production you can reach the decision-makers in the industry directly in a high-quality editorial environment.”

Total monthly circulation 65,105 copies

“INDUSTRIAL Production - The whole production in sight!”

Starting from the needs of design, production and handling technology, the media brand also looks into the adjacent sectors of automation, robotics, embedded systems, IT and software. In INDUSTRIAL Production, industry meets IT and electronics.

“Around the clock - With industrial-production.de and the relevant social media channels!”

Around 4.1 million page views per year (8/2022 to 7/2023, IVW-Online) and 8,000 followers on LinkedIn, XING, Twitter, YouTube, Instagram and Facebook: INDUSTRIAL Production for your successful online communication in industry.

“INDUSTRIAL Production Events in presence and digital.”

The INDUSTRIAL Production digital networking days, the webinar theme days, the INDUSTRIAL Production Products of the Year awards ceremony and the in-house workshops are events for decision-makers and users in the manufacturing industry.

“INDUSTRIAL Production Matchmaker+ - Your guide to the industry”

Generate new leads, attract new employees and present your products and services, job offers, webinars, whitepapers, event tips, videos, webshop, e-paper and much more in the perfect environment.

Title Portrait

INDUSTRIAL Production

1. Titel	INDUSTRIAL Production		
2. Short characteristic	<p>Industrial production is taking the step toward end-to-end, digital networking. This digital transformation is changing processes at all levels of production, right down to the tool. Technologies such as software, IT and electronics are thus having a significant impact on modern manufacturing. INDUSTRIAL Production accompanies this development and</p> <ul style="list-style-type: none">• fully maps the process chain in production, from product design and construction to delivery.• looks beyond the end of its nose into the electronics, IT, software and embedded systems sectors• links OT (Operational Technology) and IT.• combines detailed knowledge in handling, manufacturing and assembly with an eye for the big picture• classifies new trends and technologies from electronics, software and IT with a focus on their usefulness for production and handling technology <p>INDUSTRIAL Production reaches its target group in a cross-media and networked manner. With the trade magazine, the web portal www.industrial-production.de, newsletters, social media channels and events, INDUSTRIAL Production is always present with information and solution-oriented decision-making aids for its target group.</p>		
3. Target group	Engineers, designers, managers and investment decision-makers from the manufacturing industry		
4. Publication frequency	10 issues per year		
5. Size	DIN A4		
6. Volume	5rd volume 2024 (formerly SCOPE and handling)		
7. Subscription price	Annual subscription print domestic 199,00 €, thereof 169,60 € booklet, 29,40 € shipping annual subscription print abroad 209,20 €, thereof 169,60 € magazine, 39,60 € shipping Single issue print 20,00 € incl. the current VAT, plus 3,00 € shipping	Annual purchase of digital e-paper (domestic/foreign) 87,00 €, incl. the current VAT, without shipping costs Single edition digital e-paper (domestic/foreign) 15,99 €, incl. the current VAT without shipping costs	
8. Circulation	65,105 copies

Topic Matrix

Advertising in the editorial environment

Topics	Issue (Month)	Newsletter (cW)
Design & Operation		
Design Software / CAD/CAM: plant design, configurators, model building, PLM	5, 11	5, 19, 32
Commissioning and Maintenance: simulation software, virtual commissioning, digital twin, manufacturing simulation, maintenance, service, predictive maintenance, condition monitoring	1-2, 4, 6, 11	4, 12, 24, 44, 46, 51
Machine Elements: Bearings, gears, shafts, belts, standard parts, housings, assemblies	1-2, 10	3, 22, 27, 28, 35, 49, 50
Occupational Health and Safety: work clothing, protective equipment, workplace safety, noise protection, emergency equipment, explosion protection, ergonomics, extinguishing system, air purification, access control, fire protection	6, 11	11, 22, 33, 42
Services: Consulting, finance, human resources, software as a service, room maintenance, catering, textile care, suppliers, contract manufacturers, contract coaters, tool manufacturers	4, 10	3, 22, 27, 28, 35, 49, 50
Operating Materials: Lubricants, cooling lubricants, pipes, cleaning agents, compressed air generation, coolants, water supply, pallets, containers, rollers, wheels, packaging technology	4, 9	17, 38, 52
Sustainability: Fans, air conditioning, air treatment, recycling, oil and waste water treatment, cleaning systems	9	37
Identification and Labelling: Product marking, scanners, RFID, barcodes, labelling systems	2, 10	9, 20, 48
Suppliers: Tool manufacturers, suppliers	7-8, 12	3, 22, 27, 28, 35, 49, 50
Automation and IT		
Drive Technology: Electric motors, gearboxes, frequency converters, motion control, linear drives, brakes, clutches, encoders, motor monitoring, actuators, shafts, automotive, stepper motors, actuators	1-2, 4, 5, 6, 7-8, 9, 10, 11, 12	1, 8, 17, 23, 24, 25, 34, 39, 42
Control Technology: Controllers, PLCs, industrial PCs, control systems, regulators, controllers, control software, robot controllers, embedded systems	1-2, 3, 4, 5, 6, 7-8, 9, 10, 11, 12	2, 5, 33, 34, 42, 44
Sensor and Measurement Technology: condition monitoring, sensors, quality assurance, test systems, measuring devices, measuring methods, laser measurement technology, calibration	5, 9	6, 9, 15, 20, 21, 24, 30, 37
Industrial Communication: communication technology, industrial Ethernet, bus systems, OPC-UA, edge computing, gateways, switches, data cables, protocols, industrial IoT, embedded systems, wireless M2M	1-2, 3, 4, 5, 6, 7-8, 9, 10, 11, 12	2, 9, 31, 42
AI and Data Analysis: Predictive maintenance, digital twin, big data, machine learning, deep learning, IoT platforms, neural networks, artificial intelligence, analysis software, data security	4, 12	4, 17, 47
Safety and Security: photoelectric barriers, interlocking devices, access control, signalling devices, IT security, cybersecurity, blockchain, data security, firewalls	1, 6, 11	6, 26
Electromechanics: Cables, connectors, power supplies, energy management, lighting, lighting technology, cable carriers, cable routing, control cabinets, EMC, power electronics, lightning and surge protection, explosion protection	4, 11	10, 16, 37, 43, 51
Vision Systems: visualisation software, industrial cameras, industrial image processing, artificial intelligence, scanners, embedded systems	5, 10	22, 30, 40
Monitoring and HMI: HMI, predictive maintenance, condition monitoring, operating devices, touch screens, displays, tablets, handhelds, input devices, data glasses, VR glasses, augmented reality	7-8, 11	12, 28, 33, 43
Software and Apps: digital twin, ERP, enterprise resource planning, MES, blockchain, supply chain management, augmented reality, production planning and control system (PPS), production planning, configurators, operating systems, , production planning, cloud computing, edge computing	2, 3, 6, 7-8, 12	13, 33, 48

Topic Matrix

Topics	Issue (Month)	Newsletter (cW)
Handling and Production Logistics		
Handling Technology: Grippers, manipulators, balancers, positioning devices, load handling devices, dosing systems, rotary units, rotary tables, rotary indexing tables, pick & place, end effectors, SCARA, delta robots, tool changers, infeed and outfeed systems, palletisers	1-2, 5, 6, 10	3, 6, 18, 29, 35, 38, 48, 50
Clamping technology: Clamping systems, tool holders, clamping cylinders, clamping jaws, steady rests, lathe chucks, clamping systems	7-8, 10	38, 48
Conveyor Technology: Conveyor belts, conveyor belts, rotary indexing tables, turntables, overhead conveyors, sorters, sorting systems, distribution systems, lifting tables, hoists, crane systems, warehouse lifts	6, 7-8, 10	7, 22, 27, 29, 47
Transport Systems: Driverless transport systems, shuttles, autonomous robots, transport robots, floor conveyors, forklifts	4, 10, 12	4, 8, 25, 28, 49
Assembly Technology: Assembly cells, work cells, assembly systems, assembly robots, workstation systems, worker assistance, workstation equipment, digital assistance systems, ergonomics, order picking, pick systems, parts supply, workpiece carriers, supply and removal systems, hand tools	4, 5, 10	4, 5, 19, 30
Linear Technology: Linear systems, gantries, guides, cables, axes, cylinders, spindles, dampers	12	12, 15, 46
Robotik/MRK und Cobots: kollaborative Roboter, Roboterassistenz, Bionik, MRK	4, 10, 11	3, 7, 10, 17, 20, 24, 27, 31, 32, 37, 47, 49, 51
Production and Machine Tools		
Additive Manufacturing: 3D printing, additive manufacturing, materials, plastics, metal powder, prototyping, laser sintering, model making	4, 9, 11	10, 18, 21, 31, 46, 51
Machining: Cutting, milling, turning, drilling, grinding, gear cutting, honing, precision tools, surface technology, tools	1-2, 3, 4, 5, 6, 7-8, 9, 10, 11, 12	2, 8, 9, 20, 21, 25, 28, 32, 34, 37, 46, 47
Forming: Pressing, bending, drawing, punching, shearing, rolling, cold forming, hot forming, solid forming, sheet metal, tube and wire working	2, 9, 10	12, 26, 29, 39, 50, 51
Cutting and Joining: Water jet cutting, laser cutting, sawing, cutting, welding, soldering, screwing, riveting, crimping, gluing, joining	2, 4, 9, 10	3, 11, 26, 29, 40
Materials: 3D printing materials, surface technology, metals, powders, plastics, composite materials, cast materials, recycling, raw materials, material refinement, semi-finished products	7-8	17, 38, 41, 52
Industrial Robots: Welding robots, robot cells, tool changers, kinematics, articulated arm robots, SCARA	1-2, 3, 4, 5, 6, 7-8, 9, 10, 11, 12	3, 7, 10, 17, 20, 24, 27, 31, 32, 37, 47, 49, 51
Process Technology, Hydraulics and Pneumatics: Pumps, compressors, hoses, lines, valves, cylinders, filters, seals, dosing technology, compressed air generation	1-2, 6	6, 9, 21, 24, 30

Entscheidungsgrundlagen für elektronische Schließanlagen

Planungsgrundlage für elektronische Schließanlagen

Neben IT-Sicherheitsmaßnahmen erfordert die rasch voranschreitende digitale Transformation auch verstärkt moderne Lösungen für den physischen Schutz von Produktionsanlagen, Lager- und Serverräumen uvm. Keine leichte Aufgabe für Sicherheitsverantwortliche – zumal der Handlungsdruck angesichts zunehmender Cyberattacken und Vandalismusefälle auch für Industrieunternehmen steigt, die nicht zum Kreis der kritischen Infrastrukturen (KRITIS) zählen.

Vielseitigere Einsatzmöglichkeiten, höherer Bedienkomfort und individuelle Vergabemöglichkeiten zeitlich und räumlich beschränkter Zutrittsberechtigungen: Im direkten Vergleich mit mechanischen Schließanlagen überwiegen die Vorteile mechatronischer und elektronischer Schließsysteme deutlich. Doch auch hier ist die Auswahl inzwischen groß. Vor einer Entscheidung für einen konkreten Anbieter sollten Technische Leiter also die Vor- und Nachteile der im Markt erhältlichen Lösungen kennen. Abgesehen von den Investitionskosten gilt es zudem, die Folgekosten abzuschätzen. Auch die Zukunftsfähigkeit ist ein wichtiges Kriterium.

All die genannten Punkte behandelt ausführlich das Whitepaper „Entscheidungsgrundlagen für elektronische Schließanlagen“ von ASSA ABLÖY. Um Sie bestmöglich bei der Wahl des passenden Systems zu unterstützen, ist eine Bewertungsmatrix mit definierten Muss- und Sollanforderungen enthalten, die als Basis einer aussagekräftigen Investitionsrechnung dienen kann.

Terms and Conditions

General Terms and Conditions for Advertisements and Promotion of WEKA Business Medien GmbH

(State 2019)

Here you will find the General Terms and Conditions (hereinafter referred to as "GTC") of WEKA Business Medien GmbH (hereinafter referred to as "WBM"), which applies to the use of the services of WBM.

For a service requiring registration with WBM, you must give your consent to the service in accordance with the applicable terms of use. To do so, please click on the "Agree" field or check the box in the opt-in procedure to give your consent. Through the Clicking on the "Agree" box or checking the box you declare that you have read the terms and conditions and agree with them. You can also print or download the terms and conditions.

1. Scope of application: The GTC shall apply to all services offered to the user on the WBM website especially for the paid content & services, for the lotteries as well as the marketplace and community area. Deviations from these Terms and Conditions or special terms of use for individual services shall only be deemed as agreed if they have been expressly confirmed in writing by WBM. In particular the mere omission of an objection on the part of WBM to other general terms and conditions does not mean that these are to be considered shall apply as agreed. WBM shall be entitled to amend these General Terms and Conditions at any time. WBM shall inform the user in good time about the change of the terms and conditions applicable to him. The change shall be deemed to have been approved by the user, if he does not object to the change within one month after receipt of the change notification or terminates the contract. In the event of an objection, WBM shall be entitled to terminate the agreement in due time. WBM in the notification of the changes to the possibilities of objection and termination, the period and the legal consequences, especially with regard to an omitted objection. Within the scope of the amendment of the General Terms and Conditions, WBM is in particular entitled, in the event of the invalidity of a condition to supplement or replace them with effect for existing contracts, in the event of a change in a legal regulation or supreme court jurisdiction, if one or more conditions are changed by this amendment of the contractual relationship, to adapt the affected conditions in such a way as to achieve the purpose of the the changed legal situation, provided that the user is not affected by the new or changed conditions is worse than after the original condition. Any change including the updated version the GTC will be sent to the user by e-mail. WBM is not responsible for the information provided by third parties. Internet services that WBM links to from its pages or that WBM mediates. For these offers the terms of use of the respective providers apply. This applies in particular to cooperation partners on WBM. The offers of the cooperation partners on WBM merely represent a sales platform of the respective partner of WBM. When using the services offered by cooperation partners an independent legal relationship is established between the user and the cooperation partner, which is independent of the is subject to any legal relationship between WBM and the user. The legal relationship between partner and user is exclusively based on the terms and conditions and operating processes of the cooperation partners. WBM assumes no liability or warranty for this.

2. right of access and participation: In principle, all users are entitled to access and participate. The following minimum information is required for competitions. Eligible to participate are all persons who have reached the age of 18, have completed their studies or can provide proof of a declaration of consent from a parent or guardian. Everyone By participating in the game, participants in the competition agree to this in the print edition, to be published on the website with name and photo, as well as in further rights of use for advertising and to consent to distribution purposes. Participation in competitions is open to employees of WEKA Business Medien GmbH, as well as for persons who were involved in the event of the game, are excluded. This also applies to their relatives. Furthermore, WBM reserves the right to amend the regulations of competitions at any time. to change or correct. WBM concludes contracts for paid content and for the mediation of Internet access only with persons over 18 years of age or with the express consent of the legal representative. In all other respects the Internet pages are not directed to persons in countries which do not allow the provision or the call of the contents placed there. Each user is responsible for obtaining information about any restrictions before accessing these websites and to comply with them.

3. availability: The services of WBM are offered to the user subject to availability. WBM shall endeavor to ensure that the services of WBM are available to the user without interruption. stand. Due to maintenance work and/or further development and/or other malfunctions, the usage possibilities are restricted and/or temporarily interrupted. Thereby it can under certain circumstances can also lead to data loss. This does not give rise to any compensation claims by the affected users. Furthermore, WBM shall be entitled at any time and at its own discretion to without notice or to change or discontinue.

4. contractual relationship: The contractual relationship for the use of chargeable contents of WBM comes by registering with the desired and selected payment system provider, agreeing to the general terms of use and the respective acceptance by WBM. The acceptance by WBM takes place at the latest when access to the paid content is opened. About the use of services of third parties that WBM advertises on its pages or to which WBM provides access via its pages, contractual relationships are established exclusively between the user and the offering third party. WBM assumes no liability or warranty for this.

5. opening of a user account: For certain services on the pages of WBM, the user must or can open a user account. The user affirms that the information provided by him in the context of a registration or in the context of opening a user account on the pages of WBM personal data, in particular his first name, surname and postal address as well as date of birth and the e-mail address are true and correct, and that, if the information given there is WBM will be immediately notified of any changes to the data.

6. payment transactions: The fees for chargeable content shall be confirmed with a the payment system provider to be chosen by the user. The terms of use apply exclusively, of the payment system provider selected by the user in each case, to which reference is made at the given point and appropriate assistance can be given. The remuneration claims are to be settled in accordance with the The customer shall settle the respective terms of use with the selected payment system provider. If the user does not meet his payment obligations or does not carry out payment transactions or such are redebited, WBM shall be entitled, subject to further claims, to deny access of the user. If the blocking is due to outstanding claims and the user balances these claims, the off, the access is unlocked again. WBM reserves the right to involve third parties in the execution of the debt collection to be commissioned.

7. user's obligations: The user undertakes not to use the services of WBM for any purpose other than that for which they are violate applicable legal regulations and any contractual provisions. He undertakes in particular to ensure that any content distributed by him does not infringe any rights of third parties (e.g. copyrights, patent and trademark rights). trademark rights) violate that the applicable criminal laws and regulations for the protection of minors are observed and that no racist, Holocaust denying, grossly offensive, pornographic or sexual, endangering young people, extremism, glorifying or trivializing violence, glorifying war promoting a terrorist or extremist political group, inciting it to commit a crime, defamatory statement, insulting or unsuitable for minors or other criminal contents are distributed. The user further undertakes, for the protection of the data, to use the recognized principles of data security and the obligations of the data protection regulations to check e-mails and queries sent to WBM for viruses with the greatest possible care, legal, official and technical regulations, his possible user name and password and to keep the identification and password secret, not to pass them on, not to tolerate any knowledge or and to take the necessary measures to ensure confidentiality, and in case of any misuse or loss of this information or any suspicion of such misuse or loss will be reported to WBM immediately to be displayed. Indications of misuse of the contents of WBM or the payment system are WBM shall also be notified immediately. The user shall indemnify WBM against any claims of third parties that may against WBM due to violation of their rights by this user. This includes also the costs of appropriate legal prosecution and defence. WBM reserves the right to reasonable suspicion of misuse of the services of WBM or the payment systems of this to block users from accessing their content and any existing user account, and to involve investigating authorities. The user may only assert claims against WBM with undisputed or legally binding claims. The user is only entitled to rights of retention due to claims from the individual, concrete contractual relationship, of which these GTC are a part.

8. Liability: WBM and its representatives or vicarious agents shall not be liable for damages, in particular due to delay, non-performance, poor performance or tortious act exists only in case of infringement essential

contractual obligations, the fulfillment of which could be relied upon to a special degree. The exclusion of liability does not apply to intent and gross negligence. Any further liability of WBM is excluded, unless there are mandatory legal regulations. WBM is only liable for foreseeable damages. The Liability for indirect damages, especially consequential damages, unforeseeable damages or untypical Damages as well as loss of profit are excluded. The same applies to the consequences of industrial disputes, accidental damages and force majeure. WBM provides its own information and data as well as information from other providers by means of hyperlinks (Internet links) on the Internet and on mobile devices. This information and data are for information purposes only, without the user having to rely on the topicality, correctness or completeness of the information can be invoked or left. In this respect WBM does not assume any warranty or liability, in particular not for direct or indirect damages caused by the use of the information or data that can be found on the WBM websites. WBM assumes in particular no responsibility for contents or the functionality, accuracy or legality of websites third parties that are referred to by links from the WBM websites. WBM offers discussion forums and Chats on. The contents and information exchanged by users in these forums are not subject to any Control by WBM. For this reason, WBM does not assume any liability for the information posted in the forums. Content and information. The responsibility for the contents published by the user on the pages of WBM, lies exclusively with the user. WBM excludes any liability due to technical or other interference off. WBM assumes no liability for any damage or loss, in particular during shipment. of the prizes to be handed over in the context of a lottery. The above limitations of liability apply to all contractual and non-contractual claims.

9. Liability for defects: If paid contents are not used due to incomplete or defective services of WBM by the user, the user shall be liable to pay the costs of the service provided by the The complaints will be handled either by WBM or the payment provider immediately after becoming aware of it. WBM shall be liable for justified and timely complaints, WBM shall deliver in the case of incomplete performance and in the case of defective performance according to your choice to repair or replace. The user can demand a reduction of the fees if attempts at rectification or replacement delivery are refused by WBM, are impossible or in any other way fail. There is no right of withdrawal in favour of the user.

10. copyright: All content, information, pictures, videos published on the pages of WBM and databases and computer programs (e.g. widgets) are protected by copyright. The use is only permitted for private personal use. Any use beyond this, in particular the private and commercial duplication, modification, distribution or storage of information or Data, in particular texts, parts of texts, images and film material, require the prior express consent of the author. Consent of WBM. This also applies to the inclusion in electronic databases and duplication on CD-ROM, DVD etc. Private and/or commercial duplication, modification, distribution, reproduction, modification, distribution or use of the or other misuse of computer programs. The user acquires by downloading or the sending of the source code of a computer program does not entitle you to any property rights. There will be no copyrights or other ancillary copyrights. If the service and/or the performances are discontinued, the user is obliged to immediately delete the source code provided. For the rest the legal limits that arise from copyright law and other applicable statutory provisions apply. regulations.

11. contents sent in by the user: The user who (e.g. in the context of competitions, reader actions, Internet competitions) to WBM (e.g. videos, photos, photo series, texts, etc.), declares itself to be in agreement with By sending in the application, you agree that the submitted content may be used free of charge on the Internet and in print copied, distributed and publicly reproduced. The user further declares that all copyright and other rights to the submitted content and that the graphic design of the submitted content (e.g. videos, photos, photo series), which are not only ancillary to a location or are part of depicted meetings, elevators or similar events, agree to the publication are. For persons under 18 years of age, the consent of the legal guardian is required. On the Contributions sent by post cannot be returned to the participant. The users commit no content with illegal, grossly offensive, pornographic or sexual content, content harmful to minors, extremist, glorifying or trivializing violence, glorifying war, advocating a terrorist or extremist political association, inciting to commit a crime, insulting statement or other punishable contents to WBM. Likewise the users not to send content that contains advertising or commercial content. WBM reserves the right to does not intend to publish submitted content. The user shall indemnify WBM in full against all claims of third parties free, which arise from the fact that the user violates his obligations under these terms or - contrary to this declaration - the user does not own all rights to the submitted content or does not have all rights to the persons do not agree with the publication. The submitted contents are personal statements made by users and do not represent the opinion of WBM. The user has no legal claim to Publication of the submitted content.

12. Right of revocation: The user is entitled to revoke his declaration of intent to conclude the contract within two weeks to revoke. The period begins at the earliest with receipt of this instruction. To the period preservation the timely dispatch of the declaration of revocation is sufficient. It must be made in writing without giving reasons and to address to: WEKA Business Medien GmbH, Richard-Reitzner-Allee 2, 85540 Haar In the event of an effective revocation, the services received by both parties are to be returned and, if applicable to publish the use made of it. If the user is able to return the received services in whole or in part or only in a deteriorated condition, compensation must be paid. However, the right of revocation shall not apply if WBM has expressly agreed to the execution of the service with the consent of the user has begun before the end of the revocation period or the user himself has started this execution has caused (e.g. by download etc.).

13. Termination: Each party reserves the right to terminate the contract for good cause. An important reason shall be deemed to exist in particular if the user continues to violate essential provisions of this Terms and Conditions and/or the user commits a misconduct directed against third parties by using the offer used by WBM for illegal purposes or for purposes that are a nuisance to third parties. All cancellations in accordance with these GTC must be made by written notification to the address mentioned in point 12. With If the termination becomes effective, access to the services of WBM shall be blocked.

14 Place of performance/place of jurisdiction: The place of performance shall be the registered office of the provider. In business transactions with merchants, legal entities under public law or special funds under public law is not permitted in the case of legal actions Place of jurisdiction is the registered office of the provider. As far as claims of the provider are not asserted in the dunning procedure the place of jurisdiction for non-merchants shall be determined by their place of residence. German law applies. If the domicile or habitual residence of the client, also for non-traders, is legal action unknown or has the client after conclusion of the contract his domicile or usual residence. If the customer moves his place of residence outside the scope of the law, the place of jurisdiction is the registered office of the provider, if the contract was concluded in writing.

15. Final provisions: In connection with the participation in lotteries legal action is excluded. Should individual provisions of these GTC including these regulations in whole or in part be invalid, the validity of the remaining provisions or parts of such provisions shall remain unaffected. The invalid or missing provisions shall be replaced by the respective legal regulations.
